

Rosemary Foundation Hospice at Home

Area covered: All of SEH CCG area

The Rosemary Foundation Hospice at Home has been operational since 1997 serving the people of Petersfield, surrounding towns and villages. This service provides emotional support, counselling and practical help, together with nursing care, for adults over the age of 18 years who are suffering from incurable illness and wish to remain at home as life draws to a close. Support continues for the family through bereavement and is available 7 days a week, 24 hours a day and available without charge. The Rosemary Foundation is totally reliant on charitable giving as it receives no statutory help. Care is enhanced by complementary therapies offered to patient and carers. Referrals are accepted from any source, providing the patient is approaching end of life and the GP and Community Nurse feel The Rosemary Foundation's involvement, appropriate. Our nurses are all experienced in end of life care and receive regular training and updating of knowledge and skills. Care given is regularly monitored and feedback received from patients and their carers / families. This information is used to enhance and continually improve care that is given. The Rosemary Foundation actively seeks to provide a cost effective service with much of the administration and all fundraising tasks provided by a band of loyal and hardworking volunteers.
